

PAUL A. DOROSH

International Food Policy Research Institute (IFPRI)
2033 K Street, N.W., Washington, D.C., 20006-1002

EDUCATION

- April 1986 Ph.D., Applied Economics (Minor: Economics)
Food Research Institute, Stanford University
Thesis: *Linkages Between the Macro-Economy and Agriculture:
A Study of Indonesia's Food Sector from 1949 to 1984.*
- June 1983 M.A., Applied Economics
Food Research Institute, Stanford University
- June 1980 Bachelor of Arts (*cum laude*), Applied Mathematics
Harvard University. Cambridge, MA

PROFESSIONAL EXPERIENCE

- July 2010 -
Present DIVISION DIRECTOR (since April 2011)
DEPUTY DIVISION DIRECTOR (July 2010 – March 2011)
International Food Policy Research Institute (IFPRI)
Washington, D.C.
- Assist in overall direction of research and administration of the Development Strategy and Governance (DSG) division; oversee IFPRI's Country Strategy Support Programs; conduct research on structural transformation and food policies in sub-Saharan Africa and South Asia
- August 2008 -
July 2010 SENIOR RESEARCH FELLOW / PROGRAM LEADER
International Food Policy Research Institute (IFPRI)
Ethiopia Strategy Support Program – II
Addis Ababa, Ethiopia
- Conducted research on agricultural markets, food policy, economy-wide modeling and the rural-urban transformation. Led research program and conducted training on economic analysis.
- February 2007 –
August 2008 SENIOR ECONOMIST
Spatial and Local Development Team
Finance, Economics and Urban Development Unit
World Bank
1818 H Street, N.W., Washington, D.C., 20433
- Conducted research and provided analytical support to country teams on spatial development issues, including the rural-urban transformation and the spatial aspects of food policy and rural development

March 2003 –
January 2007

SENIOR RURAL DEVELOPMENT ECONOMIST
South Asia Rural and Agricultural Development Unit
World Bank
1818 H Street, N.W., Washington, D.C., 20433

Conducted research and co-authored reports on agricultural development, food policy and poverty reduction in India (Tamil Nadu and Gujarat), Bangladesh, Pakistan, Afghanistan and Madagascar.

August 1997 -
February 2003

RESEARCH FELLOW/ SENIOR RESEARCH FELLOW
International Food Policy Research Institute (IFPRI)
2033 K Street, N.W.
Washington, D.C., 20006-1002

Co-edited book on Bangladesh food policy; analyzed agricultural
Conducted computable general equilibrium analysis of growth strategies in Bangladesh, Uganda and sub-Saharan Africa

August 1997 -
June 2001

CHIEF OF PARTY / RESEARCH FELLOW (IFPRI)
Food Management and Research Support Project
Dhaka, Bangladesh

Managed field office; provided advisory services to the Ministry of Food; conducted research on price stabilization, marketing, production, trade and poverty alleviation.

April 1994 -
August 1997

ASSOCIATE PROFESSOR OF ECONOMICS
Cornell Food and Nutrition Policy Program
Cornell University, Ithaca, New York 14853

Analyzed effects of structural adjustment policies on sectoral output and household incomes in sub-Saharan Africa using computable general equilibrium (CGE) modeling.
Conducted multi-market analysis of food policies in Bangladesh.

Co-instructor of graduate-level course on food and nutrition policy in developing countries.

December 1988 -
March 1994

ECONOMIST
Research Associate / Senior Research Associate
Cornell Food and Nutrition Policy Program
Washington, D.C.

Developed research agenda and conducted research on the effects of structural adjustment policies on the poor in Madagascar. Constructed social accounting matrices for Niger and Madagascar, and CGE models for Madagascar, Niger and The Gambia. Modeled macro-micro linkages related to food policy in Mozambique.

- January 1988 -
December 1988
- ECONOMIST (Post-Doctoral Fellow)
International Food Policy Research Institute
Washington, D.C.
- Researched effects of trade and exchange rate policies on agriculture in Pakistan. Estimated real exchange rate regressions and modeled the real effects of changes in agricultural price incentives.
- January 1986 -
December 1987
- ECONOMIST (Rockefeller Post-Doctoral Fellow)
International Institute of Tropical Agriculture
Ibadan, Nigeria
- Conducted economic analyses of root crops and plantains in Africa for IITA's Strategic Planning Study. Led research team studying impacts of exchange rate changes on cocoa-food crop farming systems in Nigeria.
- July 1983 -
September 1984
- AGRICULTURAL ECONOMIST
BULOG/Stanford University Corn Project
Jakarta, Indonesia
- Analyzed production systems and conducted farmer surveys in East Java. Researched impact of macro-economic and trade policies on food crops through interviews with traders and analysis of price data.
- August 1980 -
August 1981
- ECONOMIC ANALYST
Dale Jorgenson Associates
Cambridge, Massachusetts
- Analyzed macro-economic impacts of oil and natural gas decontrol for U.S. Department of Energy. Modified dynamic general equilibrium computer model to allow more user flexibility in policy simulations.
